

BittKing Media Kit

What is BittKing?

BittKing is the all-in-one crypto intelligence platform that helps traders detect scam tokens, analyze presales, and monitor launch risks in real time across Ethereum, Solana, Base, and Ton networks.

Key Features

- Rug Pull Radar (Token Safety, LP Lock, Holder Risk)
- Multi-chain Presale Scanner
- ROI Simulator
- Chrome Extension
- Real-time Telegram Alerts
- Pro Mode for deeper analytics

Audience

Crypto traders, degens, investors, and influencers seeking early access to high-potential tokens and safe investing tools.

Monetization & Partner Perks

Affiliates earn commission + free Pro tier access. Influencers get co-branded tools, priority support, and Telegram bot integration.

Brand Assets

Logo, social banners, promo visuals available in our press kit.
